

Policy and Responsibility: The Role of Content Filtering

**Seventh Search Engines Conference
San Francisco, CA**

**Panel: David A. Evans, Clairvoyance
Daniel Lulich, RuleSpace
Roopangi Kadakia, FirstGov**

April 15, 2002

Where Content Matters...

- **Security** (Access Restrictions; Viruses)
- **Copyright** (Blocking Illegal Use, Downloads)
- **Spam** (Blocking Nuisance, Behavior)
- **Pornography** (Offensive Material)
- **Publishing Guidelines** (“No Nazi Memorabilia”)
- **Competitive Intelligence** (Public Discussion)
- **Corporate Policy** (Sexual Harassment; IP; IM)
- **Access to Official Information** (Authority)

The Presentations

- **Each Panelist will talk about ...**
 - **The kinds of applications or products he or she is responsible for**
 - **Examples of actual use by customers/clients**
 - **What people are asking for (next); what they seem to need, want, expect**
 - **Thoughts on where we are headed; “position statement”**
